Association Manager Message

You are receiving this issue a little early so that the community has a reminder about the Fourth of July event. We are so excited about the Fourth, it was a sad day when we had to cancel last year! In order to produce this issue early, we had to eliminate the third month of community home sales, those will be posted on the website. Speaking of the website, there is a new "Notices" section on the home page with links to important information and it's easy to use, so check it out and let us know what you think.

It's official, as of May 13th the entire staff joined forces with Associa Management Company. We are so grateful for this opportunity to work with industry leaders with so many resources to help us achieve and perform at a higher level of service! They will be sending a letter to each of you in the Fall, but before then – join us on www.Townsquare.io for further information. You will need your new account number, just call the office 893-3468 and we will be happy to provide that information.

We have an exciting election ahead for the KHA Board of Directors. The Nominations Committee has received twenty candidates that include four incumbents, how wonderful is that? It shows what a great community that we live in, to have so much interest to volunteer to make it even better! Please watch for your ballots the first week of October, with a deadline of October 21st to vote. We will announce the candidates in the very next issue.

The April Board meeting included the following actions:

- ☘ To include vote totals for all motions in Association minutes.
- ☘ New Committee Chairs were appointed: Gloria Arias to Public Relations and Phil Inglese to Audit.
- ☘ Herb Harmon was appointed to the Board to fulfill the term balance of Judge Grimes seat through 12-31-19. Herb will then be an incumbent candidate on the 2020 ballot.
- ☘ A temporary barge for fireworks was approved for the 4th of July event which increased the event budget to \$20,000.00 for 2019.
- ☘ Director Flemming was delegated authority to develop a policy to cover the sale of KHA property.

The May Board meeting was held at Killlearn United Methodist Church as a Town Hall presentation of the Blueprint project, Welaunee Boulevard Extension.

The June Board meeting included many discussions, new committees were formed and the Board approved some repairs at the park to prepare for our 13th Annual Fourth of July event. Please join us at Shannon Lakes Park located at 3207 Shannon Lakes North on July 4th beginning at 5:30pm and ending with an *amazing* fireworks display at dark. On behalf of the Board of Directors and KHA Staff, we look forward to a fantastic Fourth of July with our community! ☘

Diane Allewelt

President's Message

This is Welcome Time. First, we welcome summertime to Killlearn, we welcome Herb Harmon as our most recent Director and we welcome Associa as our new Management company. I know it is a very busy time for all of us but let's take a moment around the 4th of July to give thanks that we live in a great and free country and the beautiful community of Killlearn Estates. As your President I will work tirelessly to maintain our Community as one we can all love and enjoy. Remember my door is always open for any matter you may wish to discuss with me. Happy 4th of July. ☘

- David Ferguson, *President*

13th Annual 4th of July Celebration

For All Killearn Estates' Families

Shannon Lakes Park on Thursday, July 4th, 2019

5:30pm through the Fireworks Finale!

Your Killearn Homes Association is planning a great day for young and old. Lots of children's activities, food trucks, live music, DJ and Fireworks show. Have your young kids wear their bathing suits and bring a towel so they can enjoy the water slide! Including bounce house, Uncle Sam, face painting, balloon animals and trolley.

THE RONGS

Parking available at:

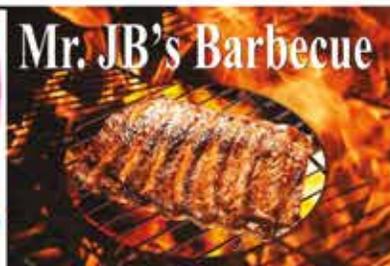

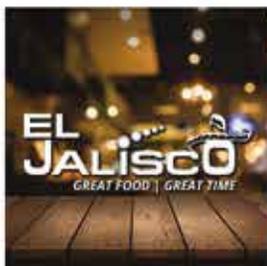

Four Oaks Shopping Center 4500 W Shannon lakes (at Kerry Forest Roundabout)

Park & shuttle bus ride from:

Celebration Baptist Church 3300 Shamrock South at Centerville

Starting at 5:30 pm

Enjoy a wonderful day with your family, friends and neighbors!

Communications Committee Report

by **Gloria M. Arias**

Communications Committee Chair

As your new chair, the goal of this committee, working title, Communications Committee, will be to open lines of communication with our residents more than ever.

April 2 Board Meeting: I was appointed to chair this committee vacated by Will Messer. My first assignment was generating awareness and attendance to the May 7th Board Meeting "town hall" for residents who were unaware of the Shamrock Welaunee Extension Phase I and for those who knew and wanted more info. Committee worked well together, the assignment was successful and drew a near full capacity (400).

A little lagniappe: Delighted to report that we maximized the return on investment re our direct mail piece. Including a tear off edge to the self-mailer, in order to request email, cell phone and volunteer interest proved very effective and successful! We have since increased our data base of email addresses by almost 1,000. Plus, almost 100 new volunteers.

This was at no extra cost to fit on the piece and still maintained our full message.

E-blast post May 7: Excellent response and suggestions by residents.

Miscellaneous: Press Release regarding the Appellate Court decision was also prepared, distributed to the media and promptly posted to our web site golf page.

Events Committee Report: The July 4th Celebration shaping up nicely. First time ever, a live band will perform from 7:00 - 8:30 pm, The Rongs blues band. DJ before and after band.

The Fireworks Spectacular is planned as lake water levels are holding as of this writing.

Food Trucks: Tally Mac Shack, Mr. JB's BBQ, King Kuisine, El Jalisco (on site made tortillas with yummy fillings) and Mama P's Ice Cream.

Bounce house and water slide

Uncle Sam on stilts, face painting, balloon animals and trolley: yay.

Keep up to date on KHA progress on our website under Committee Reports. 🍀

Centerville Road Force Main Replacement Schedule

The Good News: City of Tallahassee is replacing worn out sewer system that serves Killlearn Estates.

The Inconvenient News: Traffic will be detoured through our internal streets during the work.

To minimize inconvenience, the City has scheduled this during summer with lowest traffic flow, and mostly weekends. Schedule below:

- ♣ Construction: Monday, June 17, 2019, to be completed by August 5, 2019, before school staff return and our roads become more congested.
- ♣ From June 22 until project completion, construction will take place during **weekends only** with a **full road closure** and **working hours will be extended** from sunrise to sunset. (to minimize weekday detours) ♣

Message from Sherrie Cartee

In the Beginning and Now – Killearn Estates

by: Sherrie Cartee

In the mid 1960's the Velda Dairy Farm was going up for sale. The owner, Charles Coble didn't want to leave the farm to his family. Thus, setting the stage for opportunity. For Mr. Coble's CPA at the time, Bill Cartee, this opportunity was his for the taking. At that moment, Mr. Cartee went from CPA, to one of Tallahassee's biggest developers. The funds were secured from AG Edwards and Sons by Bob Bryson. Bryson later worked for Mr. Cartee at his Winewood development and later started his own real estate company, as you may recall – Investor's Realty, located at the entrance of Killearn Estates off Thomasville Road.

Bill Cartee had a different development in mind. His vision was a residential subdivision, within a community. The result was the first "PUD" (Planned Urban Development) that included homes, parks, churches, trails, stores and offices. Most people didn't know how creative Cartee was with marketing. He bought a double decker bus from England to entice people to tour the lots for sales from up North - mainly Ohio and Michigan. All the lots in the first couple of phases were sold "contract for deed" which is not a common practice in real estate today. The locals eventually came around to this 'out of town' project and made Killearn an amazing place to raise a family.

Killearn's Irish theme came from Mr. Cartee's roots – Ireland. For example, Lake McCarty is the original namesake, then it went to Carty before eventually becoming Cartee.

He dreamed of eventually taking Killearn Properties public on the NY Stock Exchange. He made good on that goal in March of 1970 (pictured). He eventually took on two partners, another CPA he knew and another with political connections.

Bill Cartee was more than a visionary; he was my father.

I am Sherrie Cartee, his daughter, and real estate has been my life and my career for the past 35 years. Knowing Killearn when it was dirt roads gives me a unique perspective as we consider Killearn becoming part of a large beltway through town as part of the new Welaunee development.

We all voted for a penny sales tax to improve roads. Did we know that Shamrock would become a cut through at that point? No. Many thought Roberts Road would be the answer, not Shamrock.

While I support expansion, I do not feel Killearn Estates should bear the burden of another developer's plans. Killearn Estates has enough traffic on its own and is already affecting the value of homes on streets such as Shamrock and Killarney Way.

This beltway is going to hurt the property values of the homes in Killearn! Killearn Estates has made many improvements over the years to relieve traffic pressures (e.g. McLaughlin and Gardenview to Centerville). While traffic is a big issue, let's not forget that this beltway will include the path of several of several daycares, preschools, swimming pool and

Continued next page

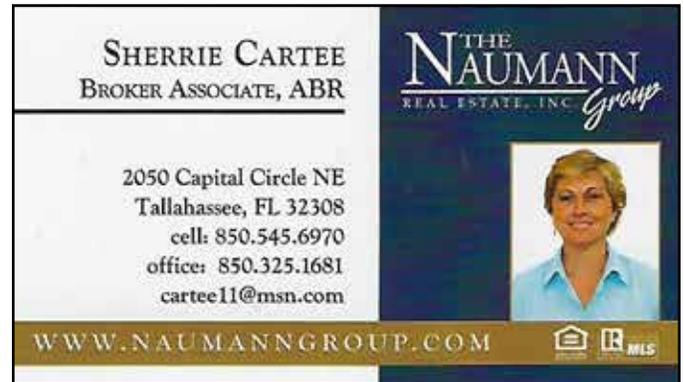

2 playgrounds. The Shamrock expansion will come through the heart of Killlearn Estates residential subdivision.

Let our politicians know how you feel. The BluePrint 2000 originally placed the beltway out to Roberts Road. What made that change?

Let's ask these questions, and make sure our commissioners hear our voice. Tallahassee is notorious for letting developers dictate road construction and traffic, it's time the community be heard and take action!

You wouldn't dump sewage from one community to another, so how is traffic different? Centerville is a sleepy, two lane canopy road with few intersections. Let's keep it that way!

There are plenty of places for Welaunee residence to access Centerville. No reason to create an intersection at Shamrock. Simply create a "T" for that road somewhere else. Then we can save Shamrock and treat Welaunee like every other development along Centerville. 🍀

Briefs

Welaunee Update

The Welaunee Boulevard Shamrock Extension Phase I - Update

At the March 5th KHA monthly Board meeting, the Board voted to oppose Phase I of the plan that includes connecting the Boulevard directly into Shamrock Street at Centerville Road, but supports Phase II completion that will connect to Roberts Road, in its present form as illustrated on the NEGateway.net website.

Our May 7th monthly Board meeting was dedicated to informing any residents who remained unaware of this project and for those who had questions about the project. Blueprint was in attendance to answer questions and hear Killlearn Estates residents' views on the project. It was extremely well attended, and many residents asked pertinent questions and expressed serious concerns.

KHA has received an outpouring of responses and copies of emails and letters you sent to our officials. The data and suggestions from our residents have been most appreciated. We are an educated and well-informed community and your varied areas of expertise and technical knowledge has been valuable as we learn more, moving forward.

KHA continues to request and evaluate data. We hope this ultimately will assist our officials recognize that gateways and parkways are best built adjacent to subdivisions, rather than through their internal streets.

Many of you have asked for a KHA town hall for residents to give updates on our progress. We will notify you as that develops. In the meantime, it's important to:

- 🍀 Continue to contact our city and county commissioners.
- 🍀 Make sure KHA has your email and cell phone for updates.
- 🍀 Stop by the office for project information, officials contact info and car decals.
- 🍀 We are almost 3800 homeowners. Officials must hear from us all. 🍀

Killarney Way Swimming Pool Lessons 2019

Sessions are 8 days of group lessons held Monday – Thursday for 2 weeks except Sessions 2 and 4*.

*Session 2 is Tuesday - Friday in week 1

*Session 4 is Monday, Tuesday, Wednesday and Friday in Week 2.

Make up days for severe weather will be on Friday's and will be determined by the staff at the start of lessons.

Cost \$100 per student payable by cash, check (payable to Tallahassee Swim School) or credit card.**

****Please mail checks to 1400 Village Square Blvd. #3-248, Tallahassee, FL 32312**

Our Lakes, Our Issues

Briefs

KHA Lakes Committee Report

by **Chuck Faircloth**,
Lakes Committee Chairman

Our Killearn Chain of Lakes is again suffering from a cycle of rain to semi-drought. From being overfull, our Lakes are now at a low level again. This cycle will repeat until we invest in a management plan to help stabilize water levels throughout the Lakes. The City of Tallahassee's recent lowering by pumping of Lake Kinsale is an example of water level control. The City lowered Lake Kinsale to perform needed storm water improvements. But a similar pumping effort putting water into our Lakes can help us maintain a good pool level at or near normal level for a longer length of time. Our Lakes's water levels are going to rise and fall, a combination of the Lakes' natural cycle and the additional water load from engineered storm water flows. A mix of permanent control structures (e.g., a berm with a floodgate at the Centerville Road outflow) and limited groundwater pumping can help us directly control the level of our Lakes. This approach would manage and soften the quick fill-drain cycle that's whipsawing our Lakes. This cycle is contributing to invasive species, clogging our channels with tallow trees and elephant ear plants, and causing problems for homeowners all around the Lakes. We can and must do better managing our valuable neighborhood asset the Killearn Chain of Lakes.

For the first time, KHA has received a state permit for construction of Fire Island, the artificial island designed to provide a platform for our annual Fourth of July fireworks show. KHA is now moving to the procurement phase, considering the costs of proceeding with construction. We must be careful with this phase, since

our recent semi-drought both helps and hurts our efforts to provide a safe launch space. The low water helps by allowing construction of the island with earthmoving equipment. But if it's too dry, the fire marshal may prohibit KHA from using fireworks altogether. The KHA Board and this Committee are exploring all options to make sure we have a grand Fourth of July celebration this year. After collecting water flow data from our Lakes for the next year, we will be going back to amend the permit to construct the connecting finger to the Shamrock Park. This would open the structure for multipurpose recreational use.

The Lakes Committee is still awaiting a final decision on our application for grants to clear tallow trees and other vegetation from our water channels between the Lakes. These channels are choked with invasive tallow trees, elephant ear plants and debris caught up in the plant growth. This limits water flow, increases flooding and produces jams in the channels of unsightly plant debris and trash. The tallows especially are invasive and crowd out native species. I will hopefully have some news about the grants before our next Kloverleaf. Please watch the KHA website, too, before then. If KHA does receive a grant, we're working on establishing a plan to remove tallows and other blockages in the most effective way for our Lakes.

The KHA Board has upcoming elections this year. Please vote for candidates that support our Killearn Chain of Lakes preservation and restoration efforts. Your vote counts on this vital issue for our community. 🍀

Easy. Affordable. Secure.

We help you find the best protection, at the best price.
